Second time around and we love it so. The people, the care, the good humor of Manolis and his generous spirit make us want to come back year after year. This is truly an OASIS in the most splendid of terms. And Naxos is a rich, friendly and fertile ground!

We love you Manolis & this place.

Thank you for everything, we have spent a lovely honeymoon week at Hibern Vigle! Our suggestion for the business is that the towels do not need to be changed every day. I suggest something similar as in other hotels: note for the guests: "If you need your towels changed leave them on the floor. The towels on the hangers will not be changed. This way we protect the environment by not using so much soap." Thanks! Barbara & Alex
